Professional Summary

AI Engineer specializing in Generative AI, multi-agent systems, and Retrieval-Augmented Generation (RAG). Experienced in building scalable AI platforms, intelligent backend services, and production-ready applications using Python, FastAPI, LangGraph, Docker, and modern LLM ecosystems.

Technical Skills

Languages: Python, SQL

AI/ML: PyTorch, TensorFlow, Scikit-Learn, XGBoost, Transformers

Generative AI: LLMs, LangGraph, LangChain, RAG, AI Agents, Context Engineering, Ai Designer

Backend: FastAPI, REST APIs, PostgreSQL, Redis

Cloud: Docker, Git, Linux, Azure

Visualization: Power BI, Plotly

Industrial Experience

Data Analytics Intern — Chiacon Consulting India Pvt. Ltd. May 2025 – Jul 2025

- Developed Power BI dashboards and automated reporting workflows for business intelligence.
- Built SQL-based ETL pipelines for KPI reporting and analytics.
- Collaborated with cross-functional teams to deliver scalable data solutions.

Projects

Archon – AI Staff Engineer Platform Live Demo

Python • FastAPI • LangGraph • Docker

- Built an AI Staff Engineer platform using repository intelligence, hybrid RAG, and knowledge graphs.
- Architected an **8-agent** AI workflow supporting architecture analysis, impact assessment, security auditing, testing, maintainability, and evidence-based engineering recommendations.
- Integrated **5+ LLM providers** (OpenAI, NVIDIA Nim, Azure OpenAI, Ollama, OpenRouter) with a scalable FastAPI backend using PostgreSQL, Redis, and Docker.

Decision Intelligent System Live Demo

Python • FastAPI • Docker • PostgreSQL

- Designed a secure microservices architecture with **6+ independent services** for real-time fraud detection and decision intelligence.
- Implemented AI inference pipelines, JWT authentication, RBAC, and containerized deployment.

Financial Analytics Dashboard Live Demo

Power BI • SQL

- Developed **10+ interactive KPIs**, drill-down reports, and financial dashboards for executive decision support.
- Automated ETL workflows using SQL and Power Query.

Education

Chandigarh University 2023 – Present

Bachelor of Engineering in Computer Science Engineering CGPA: 7.86/10

Mata Daan Kaur Public School (CBSE) 2023

Senior Secondary (Class XII) Percentage: 76.8%

RED Public School (CBSE) 2021

Secondary (Class X) Percentage: 85.33%

Certifications

- **IBM Data Science Professional Certificate** – Coursera
- **Blockchain and its Applications** – NPTEL (Elite, Score: 75/100, Jan–Apr 2025)
- **The Complete Python Bootcamp: From Zero to Hero in Python** – Udemy
