Summary

Data Scientist with strong experience in machine learning, data analytics, and business intelligence. Skilled in Python, SQL, Power BI, and predictive modeling. Experienced in building end-to-end ML pipelines, model deployment, and dashboard-driven insights.

Work Experience

Data Analytics Intern, Chiacon Consulting India Pvt. Ltd. May 2025 – July 2025

Worked on data analytics and business intelligence solutions using Power BI. Designed and developed interactive dashboards and reports to support data-driven decision making. Demonstrated strong analytical thinking, self-motivation, and the ability to learn new tools quickly. Recognized for being organized, result-oriented, and capable of handling multiple tasks within defined timelines. Collaborated effectively with team members while maintaining clear and professional communication.

Skills

Programming Languages	Python (NumPy, Pandas, SciPy), SQL (PostgreSQL, MySQL)
Machine Learning (ML)	Scikit-Learn, PyTorch, TensorFlow, Keras, XGBoost, LightGBM, Statsmodels
Deep Learning & NLP	Transformers (Hugging Face), Generative AI, LSTMs, CNNs, BERT, GPT, Spacy
Cloud & MLOps	Azure, Docker, Kubernetes, Git
Visualization & BI	PowerBI, Matplotlib, Seaborn, Plotly

Projects

AI-Based Fraud Detection System GitHub

Developed an end-to-end fraud detection system using a cost-aware two-stage machine learning pipeline. Implemented calibrated LightGBM and XGBoost models for high-recall fraud screening and high-precision validation. Deployed the system as an interactive Streamlit web application enabling real-time transaction analysis, fraud risk scoring, and visual probability insights using Plotly.

Finance Report (Power BI) Power BI Report

Designed an interactive financial report using Power BI to analyze key financial metrics, trends, and performance indicators. Performed data modeling, transformation, and aggregation to generate actionable insights through dynamic visuals, KPIs, and drill-down reports, enabling data-driven decision-making and supporting business performance evaluation.

Education

2023 - present	Bachelor's Degree at **Chandigarh University**	(CGPA: 7.95)
2023	Intermediate (CBSE) at **Mata Daan Kaur Public School**	(76.8)
2021	Matriculation (CBSE) at **RED Public School**	(85.33)

Certificates

- **IBM Data Science Professional Certificate** — Coursera
- **The Complete Python Bootcamp From Zero to Hero in Python** — Udemy
